Principal's Message

Dear Parents and Caregivers of Good Shepherd Catholic School

SWIMMING CARNIVAL : Planning is currently underway to establish a COVID safe way for our students in Year 4-6 to participate in our annual swimming carnival. This will not be in the usual format and notification of the plan will be advised to families as soon as it is finalised. Our intention is to work through possible scenarios to ensure the carnival can go ahead so please be patient and mindful of the efforts being made to try to ensure this event is not cancelled...stay tuned ! Thank you to Mr B for his efforts and investigations to date.

CAR PARK SAFETY : Please remember if you are leaving your car to collect your children your car must be parked in a parking bay. **No** parking in the drive through or bus bays is permitted at any time. Cars parking on the verge of Morley Drive, in particular those parked very close to the exit, are obstructing the view for cars leaving the school. It is asked you avoid parking in the vicinity of the exit to avoid car accidents occurring. Please be aware that by parking on the verge you are at risk of receiving an infringement notice from the council. We would like to remind families driving through the carpark to do so with caution and care as the speed limit is 5km/h. Please be vigilant of the many students exiting vehicles and crossing within the carpark. If you are crossing the main drive through

road from Altone to Morley Drive please USE THE CROSSWALK.

This is signposted and is monitored during peak times.

This reminder is for the safety of our students.

COVID-19 : With the increase of positive cases in the community I request that if your family is impacted with a positive case you call the school office and ask to speak to the principal, or assistant principal in my absence. Although we are not the experts, we are receiving regular updates from Catholic Education WA and WA Health on the safest way to manage each individual case. We know this virus is going to impact our community and would like to offer each family the support and information needed to manage with minimal impact. It will be a requirement for students who are either a positive case or close contact to isolate and provide evidence of negative status prior to returning to school and the details can become confusing. So please get in touch and you will be provided with confidential assistance as you navigate the requirements.

Enjoy your weekend and we look forward to welcoming you back on Monday for Week 5.

2022 Collection Notice – Student Residential Data

Collection Notice for parents/guardians

2022 Student Residential Address and Other Information

Australian Government
Department of Education,
Skills and Employment

The Australian Government Department of Education, Skills and Employment (the department) would like to notify you that a request has been made for your child's school to provide residential address and other information as required under the *Australian Education Regulation 2013*.

The school is required to provide the department with the following information about each student at the school:

- Names and residential addresses of student's parent(s) and/or guardian(s)
- Student residential address (**excluding student names**)
- Whether the student is a primary or secondary student (education level)
- Whether the student is boarding or a day student (boarding status).

The school collects the above information by generating a **unique and unidentifiable** – student reference number (SRN) for each student record. The SRN is also **only** used by the school for this collection. **It is not allowed to be used for any other purpose.** The number only indicates to the department that each record provided is for one student.

Purpose of the collection

The Student Residential Address and Other Information Collection (the Collection) informs Australian Government school education policy and helps ensure funding for non-government schools is based on need basis.

The information collected will be used to inform school funding calculations. It is combined with data held by the Australian Bureau of Statistics (ABS) to calculate a non-government school community's anticipated capacity to contribute to the costs of schooling.

From 2020, a new measure of capacity to contribute, the Direct Measure of Income (DMI), was introduced. The DMI is based on the median income of parents or guardians of students at a non-government school using data collected through the Collection. More information about the DMI can be found on the [Quality Schools Package](#) page on the departmental website.

Use and disclosure of personal information

Your personal information is protected by law under the *Privacy Act 1988* (Cth) (Privacy Act). Personal information is information or an opinion about an identifiable individual. Personal information includes an individual's name and contact details.

Any use or disclosure of your personal information must occur in accordance with Privacy Act and the *Australian Education Act 2013* and *Australian Education Regulation 2013*.

Your personal information provided to the department through the Collection may be:

- disclosed to the ABS for the purposes of capacity to contribute calculations and analysis as a part of the Multi-Agency Data Integration Project (MADIP). Further information about MADIP can be found on the [MADIP page](#) on the ABS website.
- disclosed to a contracted auditor where the department may from time to time, carry out an audit of a school's submission to the Collection. The contracted auditor compares the school's submission with the student enrolment information held by the school and will not use the information for any other purpose.
- disclosed to its service providers for the purposes of the provision of information and communications technology support services to the department.
- used or disclosed where it is otherwise required or authorised by law.

The department does not intend to disclose your personal information to any overseas recipients.

The department's privacy policy can be found at www.dese.gov.au and includes information on:

- how individuals can access and seek correction of the personal information held by the department;
- how complaints about potential breaches or breaches of the Privacy Act can be made;
- how the department will deal with these complaints.

The department commissioned an independent privacy impact assessment (PIA). The PIA assesses the flows of information under the Collection, compliance with the Privacy Act and measures in place to safeguard the personal information being collected. The current version is available at <https://www.dese.gov.au/school-funding/resources/2018-student-residential-address-collection-additional-required-information-privacy-impact>

What do you need to do?

Clean Up Australia Day 6 March 2022 – Volunteers needed for Citizen Scientist project

Clean Up Australia Day is around the corner on 6 March 2022 and this year they have launched a citizen scientist project to gauge how many face masks are in the environment. COVID 19 has not being kind to the environment due to the enormous number of single use items ending up as litter. Please do your part and dispose of masks responsibly. Masks are particularly dangerous to birds and marine life. They are getting tangled up in the rubber straps. Please snip these off before disposing of them in the general waste bin. For more details on the citizen science project, click on the link:
